FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

Re: **CC Dockets 97-121, 97-137, 97-208, 97-231**

Dear Ms. Salas:

Today Mr. A. Trinchese, Mr. J. Pachulski, Ms. D. May, and I, representing Bell Atlantic, met with Mr. M. Pryor, Mr. G. Cooke, Ms. S. Pies, Ms. K. Schroeder, Ms. L. Choi, Mr. D. Kirschner, Ms. E. Duffy and Ms. S. Launer of the Policy and Program Planning Division and the Network Services Division of the Common Carrier Bureau.

The purpose of the meeting was to respond to Staff's questions in the areas of number administration, dialing parity and E911.

The attached charts were used as a basis for discussion.

Sincerely,

A handwritten signature in cursive script that reads "Susanne Guyer".

Susanne Guyer

# BA-NY Section 271 Follow Up Items

Number Administration  
Dialing Parity

E 911

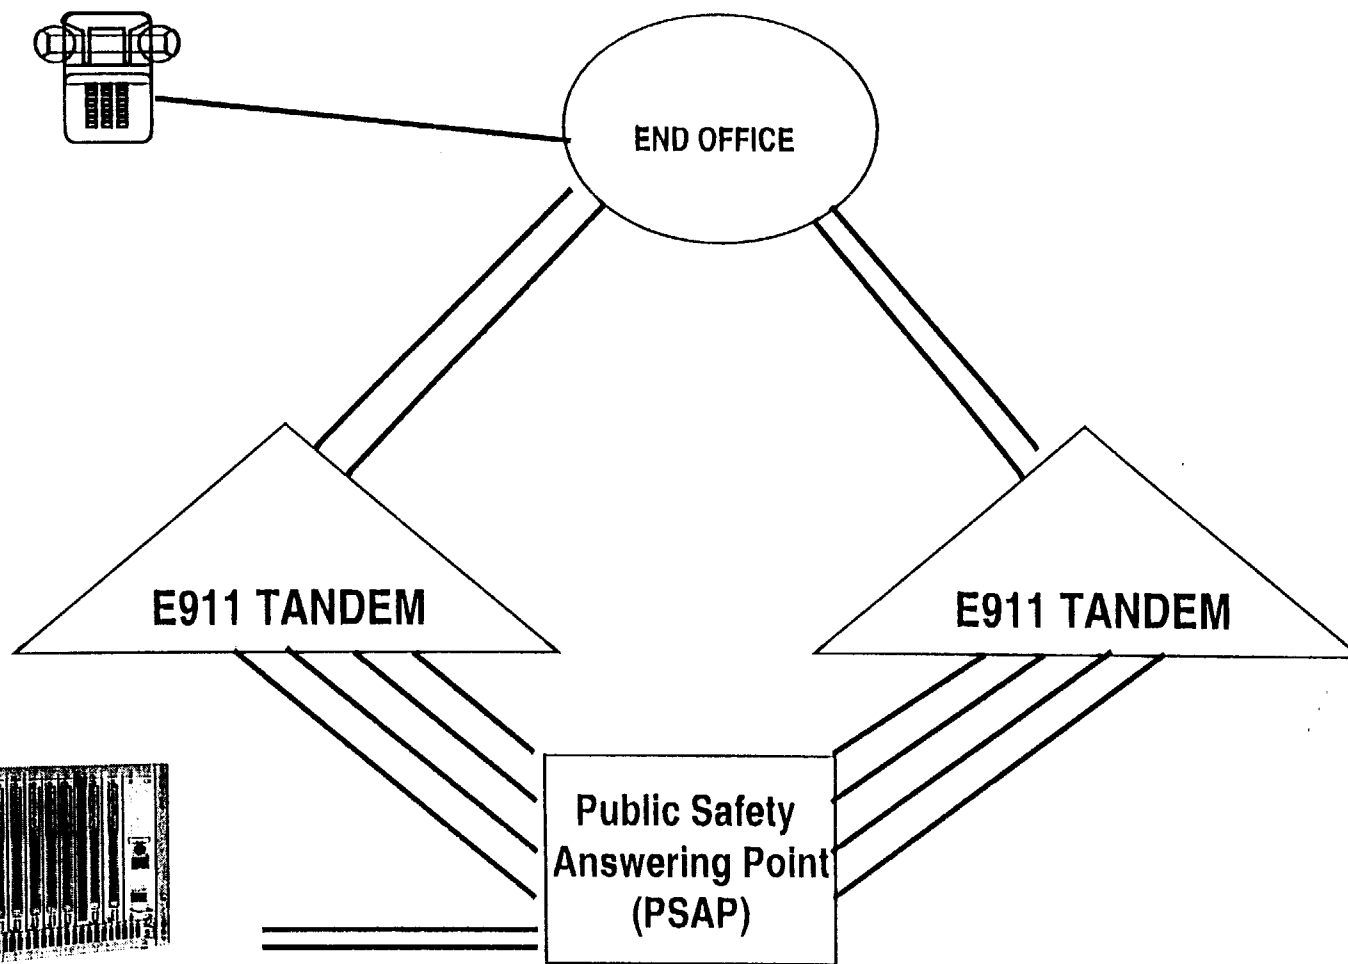

May 13, 1998

# Numbering Administration/ Dialing Parity

- BA-NY in its role as the Neutral Code Administrator, does not charge for NXX codes.
- BA-NY's CO administration is conducted in a non-discriminatory manner.
  - BA-NY's code administration conforms to the NANP Administrative Guidelines and applicable regulatory requirements.
  - If a jeopardy situation is declared for an NPA, a meeting of industry representatives is convened and every effort is made to arrive at an industry consensus on the degree of rationing required.
  - NXX code administration responsibility will transfer to NANC-selected code administrator, October 1998.
- BA-NY provides dialing parity for all lines within and between a Centrex group.

# E911

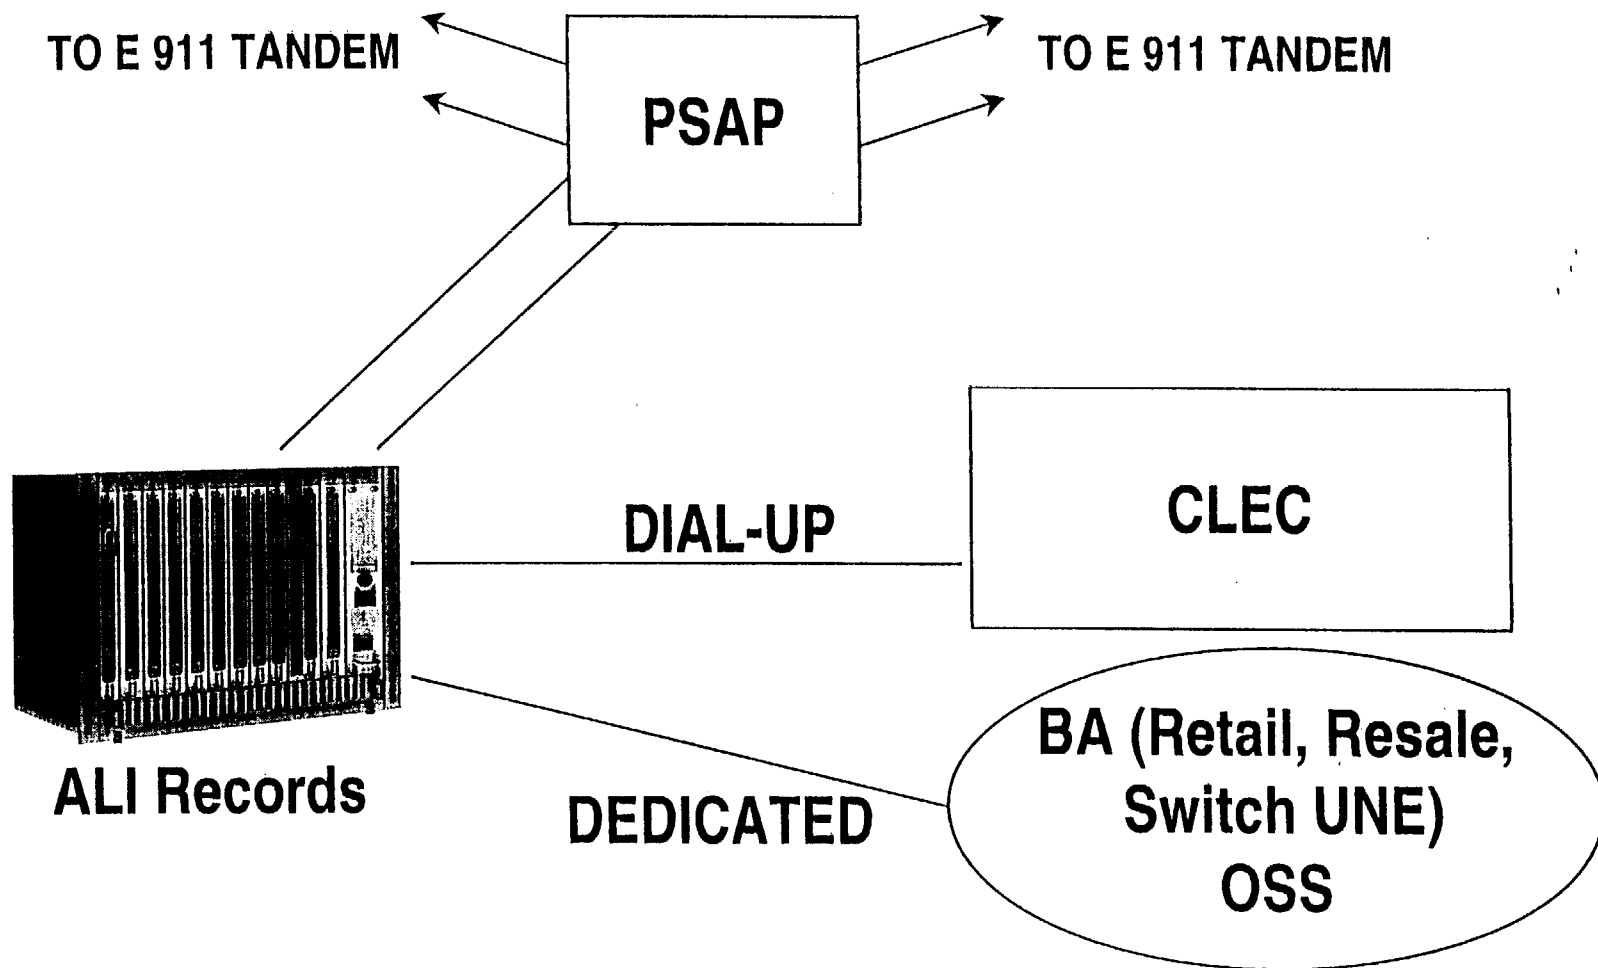

## *Bell Atlantic - New York*

Automatic Location Identifier (ALI) Records

# E911

*Bell Atlantic - New York*

# ALI Database Input

## BA-NY provided dialtone

- Standard order entry systems beyond gateway
  - BA / UNE / Resale
- E911 information extracted -
  - Name
  - Address
  - Telephone Number
- Service provider is transparent to the E911 system.
- BA-NY processes files once a day, files are mated to the Master Street Address Guide.
- Discrepancies generate error report.
  - Error files created
- Error files retrieved and discrepancies investigated.
- Corrections made and reprocessed.
- Corrected customer records are locked in the system, only BA-NY can modify records.

# Database Input

## CLEC provided dialtone

- Carrier provides E911 information -
  - Name
  - Address
  - Telephone Number
- Dial-up access
  - Commercially available software/ hardware
  - Technical support provided by BA-NY
  - Up to 10 files per day can be processed
  - CLEC files have priority over once-a-day BA-NY processing
- Discrepancies generate error report.
  - Error files created
- CLECs retrieve error files.
- Customer records are locked, only CLEC can modify.
